Itinerary

Meet and Greet – arrival day

You will be transferred from Nelspruit airport by our private road transfer to Biyamiti to meet Neil. After settling into your cottage, you will get onto our open-sided safari game viewing vehicle for your first gamedrive.

Biyamiti Private Bushveld Lodge (private bushveld lodge/south eastern Kruger)

7 TO 9 JUNE 2019 (2 NIGHTS)

Nestled on the banks of the Biyamiti river, this private bushveld lodge plays host to some of the biggest buffalo herds in the Kruger. Elephants, lion and leopard are frequent visitors to the water pools in front of the lodge, as well as rhino (both white and black rhino) and hyena. Our game drives meander in and out of the river system, up and down rolling hills, and through the mixed thornveld and riverine areas of the Crocodile River. Accommodation at Biyamiti consists of a two-bedroomed

en-suite cottage that sleeps four people, which is fully serviced (fresh linen and towels) under beautiful thatched roofs and very comfortable.

Satara (restcamp /central northern Kruger)

9 TO 12 JUNE 2019 (3 NIGHTS)

Situated in an excellent game viewing area, Satara has relatively open bushland and the game is plentiful and diverse. Satara camp itself has a rustic charm, with the accommodation set out in a series of circles. Satara camp is well wooded and the bird-life is prolific. At night the clink of fruit bats is fused with the chirping of cicadas and crickets. Owls and nightjars add to the symphony that is punctuated by the whoop of hyena, the screech of jackal and the roar of lion.

Accommodation consists of two three-bedded units (includes fresh linen and towels) that each sleep two people.

Orpen restcamp (restcamp/north western Kruger)

12 TO 13 JUNE 2019 (1 NIGHT)

The area around the camp allows for watchings the nomadic Senegal (Lesser Black-winged) Plover, and, on a few occasions, Montagu's Harrier. White-faced and Comb (Knob-billed) Ducks, Little Grebe (Dabchick) and Lesser Moorhen, African Rail and African Crake, as well as Woolly-necked, Marabou, Open-billed (African Openbill), White and Black storks may all be seen in the camp and surrounding areas. Additionally, the camp is home to a wealth of raptors, shrikes, nightjars and owls.

Your accommodation consists of two x two-bedded en-suite units that each sleep two people, serviced with fresh linen and towels.

Departure day We always fit in an early morning game drive, and of course, a hearty breakfast before departure to Hoedspruit airport.
